SUMMARY: On 6/23/92 SSA [ ] telephoned Lt. [ ] b6 b7C  
Milwaukee P-1) (414) 935-7176 re. review/analysis  
of captioned case wherein husband of victim has  
been arrested. Evidence at scene was placed by  
husband to "stage" the scene to be consistent with  
his claim that two BM's attacked & (V) & killed  
(V) & stabbed him. A written analysis is not appropriate  
at this time however certain observations were offered,  
i.e. expectation that area which husband recommended  
they go to see a movies on 4/21/92 was probably more  
consistent in demographics such as higher black population  
than original area. High-boxing training by (S) may explain  
focus to the (V)'s head (33 stabs). People close to (V) & (S) may  
report a recent improvement in their relationship, lack  
of injury to feet/shoes of (S) is inconsistent with high boxer  
involved in defending & knife attack. Lt. [ ] inquired re:  
expert testimony & I explained that testimony not appropriate  
because of volume of info/evidence reviewed which links  
(S) to crime, however ESU would provide press strategy  
assistance if desired. SSA [ ] briefed SA [ ] re: above.  
SA [ ] will maintain contact w Lt. [ ] ☐ See Attached
